# Embark Page Documentation

I. Program Analysis:

- Ace Lawrence Z. Clavano
- CAZ-03-167-13087-001

- I created a website that showcases photography and its art in all its glory. I aim to improve this website's look the time I master js and everything that comes with it. For now, I'd like to think that I did a pretty decent job with this.

II - Apply Development Design approach:

Language to be use in developing the website: HTML, CSS, & JS

Scripting Front end: HTML & CSS

Scripting Back end: JS

III – Apply Development Skills:

- ✓ Applied Smooth One Page Scrolling
- ✓ Utilized the power of both flex and grid.
